PetStar Camera App Quick Guide
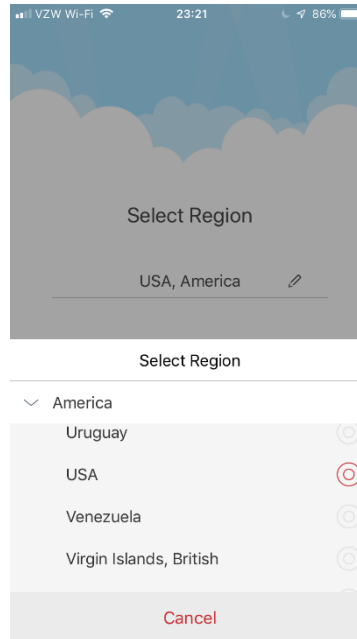

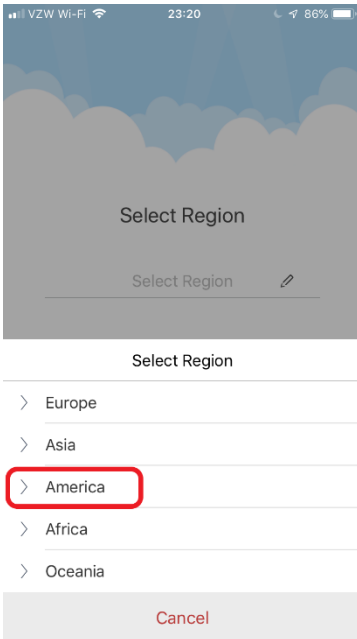

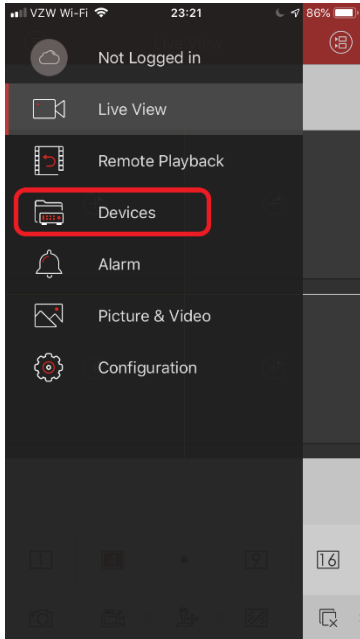

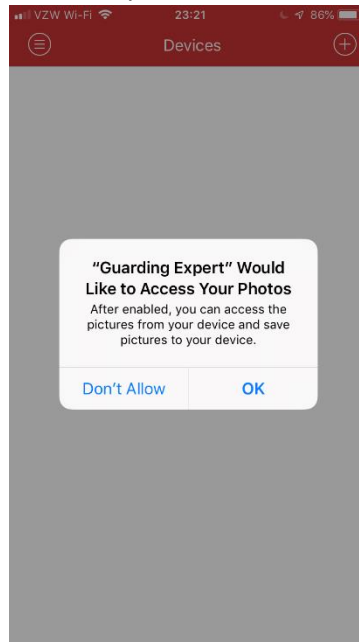

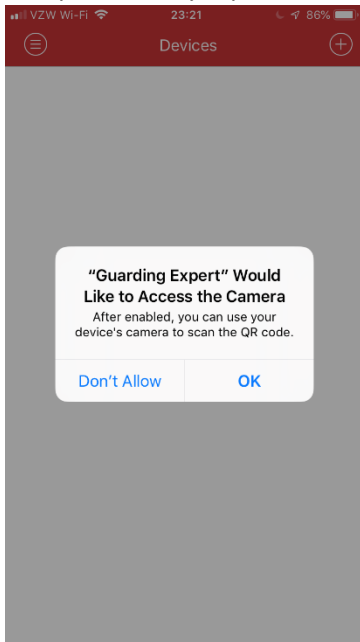

1. Tap the Guarding Expert app to open

2. Select **America** and **USA** for Region

3. Tap the hamburger menu in the upper left and tap **Devices**

4. You will be prompted that the app would like permission to access your **Camera**. Tap OK to accept. You may tap cancel to deny permission to your **Photo Album**.
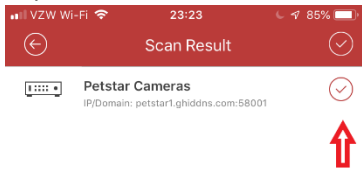

5. Tap + in the upper right and **Scan QR Code**

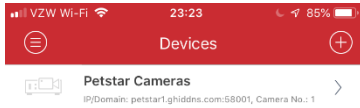

6. Scan the QR code

7. Tap the **Checkmark** next to PetStar Cameras then tap **Add** at the bottom
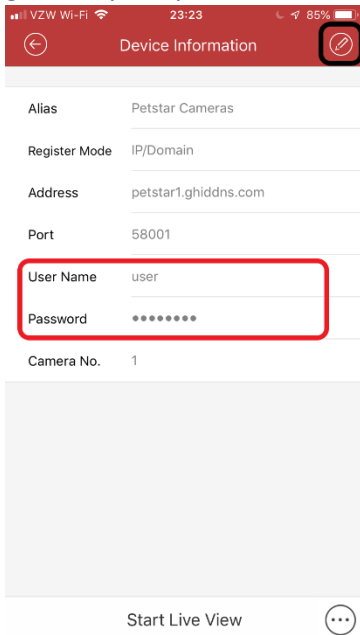

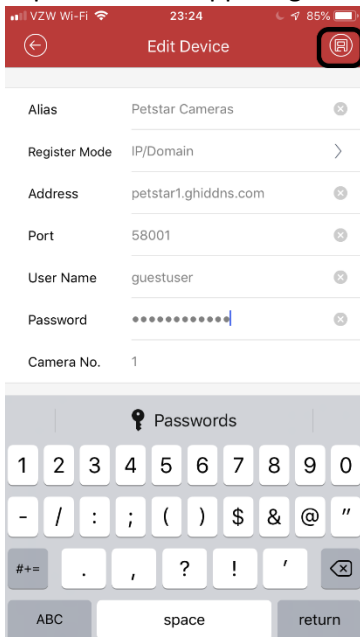

8. Now you will see **PetStar Cameras** listed under Devices. Tap the device.

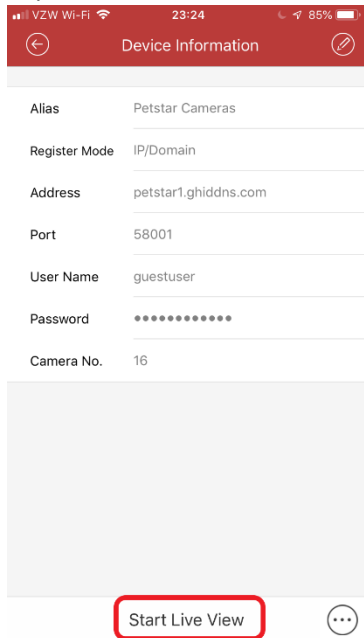

9. Tap the **Pencil** in the upper right to edit. Change the **User Name** and **Password** to what was given to you by the awesome PetStar staff

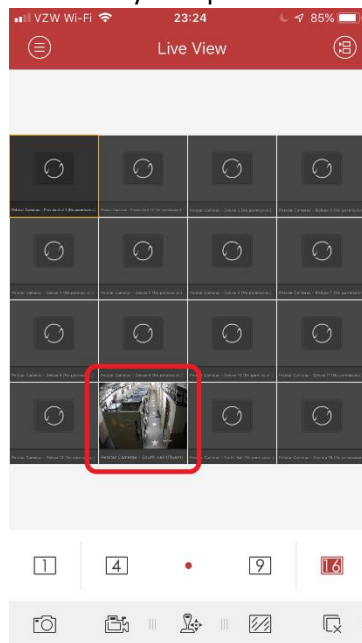

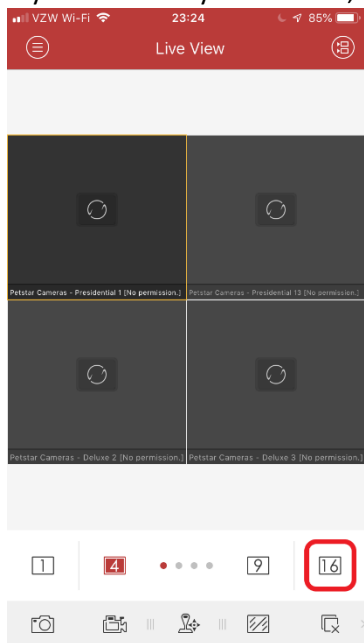

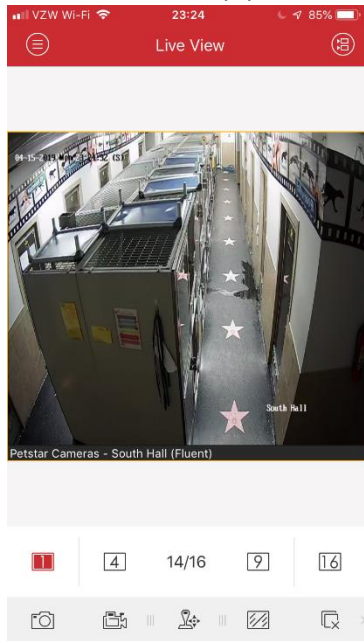

10. Tap **Save** in the upper right

11. Tap **Start Live View** at the bottom

12. If you don't see your camera, tap the 16-camera layout option

13. You can double-tap your camera to see your single camera

14. You can also turn your phone to landscape mode for full screen mode

15. When you are finished viewing, just tap the **X** in the lower right corner

16. If you want to view the live camera again, press Play in the lower right corner or tap the **Camera List** icon in the upper right

17. From Camera List, you can check **PetStar Cameras** and tap **Start Live View** on the bottom
